Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of

Wendy's International, Inc. Profit Sharing and Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Wendy's International Inc. Profit Sharing and Savings Plan (the "Plan") at December 31, 2003 and December 31, 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed in the preparation of the financial statements. The policies conform to accounting principles generally accepted in the United States of America and have been consistently applied.

Contributions to the Plan

Contributions from participants and company matching contributions are recorded on a weekly basis as the employer makes authorized payroll deductions from the Wendy's International, Inc. Profit Sharing and Savings Plan (the "Plan") participants' pay.

Payment of Benefits

Benefits are recorded when paid.

Allocation Provisions

Upon enrollment in the Plan, participants may direct the investment of their accounts in any one or more specified investments. These investment options include the following:

Wendy's International, Inc. common stock.

Mutual Funds: Participants have 14 different mutual funds to select from with varying degrees of investment risk.

Stable Value Fund: The fund includes a Metlife Guaranteed Investment Contract from the Stable Value Fixed Income Fund (until the contract matured in 2003) and invests in the Managed Income Portfolio, a stable value fund managed by the Fidelity Management Trust Company. The Managed Income Portfolio invests in guaranteed investment contracts offered by insurance companies and other approved financial institutions.

Effective April 1, 2003, two new mutual fund options were added, and effective July 1, 2003, three prior mutual fund options were removed, and all investments in such funds were transferred into other available mutual fund options as communicated to participants. On May 31, 2003, the Metlife Guaranteed investments contract matured, and all proceeds were reinvested in the Fidelity Managed Income Portfolio Fund.

Participants are given the opportunity to change both the allocation percentages of future contributions within the investment funds and the allocation of existing balances.

On a daily basis, a participant's account is allocated a portion of earnings and appreciation (depreciation) in the fair value of investments of the fund or funds in which the participant's account is invested. The allocation is based on the number of units assigned to each participant. New units are assigned to participants based on the dollar amount of their addition to the fund in relation to the unit value on that day.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates affect the net assets available for benefits and disclosure of contingent items affecting the net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting periods. While management applies its judgment based on assumptions believed to be reasonable under the circumstances, actual results could vary from these assumptions. It is possible that materially different amounts would be reported using different assumptions.

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Reclassifications

Certain reclassifications have been made for the prior year to conform with 2003 presentation. These reclassifications did not have any impact on net assets or changes in net assets.

2. Description of Plan

The Plan is a contributory defined contribution plan that covers all eligible management and administrative employees of Wendy's International, Inc. (the "Company") and certain subsidiaries that have adopted the Plan. Each participant is fully vested in his or her contributions (and related account balances) to the Plan. The 401(k) feature of the Plan allows eligible participants to contribute from 1% to 15% of their pretax compensation (as restricted by applicable Internal Revenue Service ("IRS") limitations). The Plan permits loans to participants subject to IRS limitations, withdrawals at age 59½ and older, and rollovers from other qualified plans.

The Plan was amended effective January 1, 2001, to permit participants to contribute to the Plan without requiring contributions to first be made to the Wendy's International, Inc. Pension Plan. In addition, the Company began to match 100% of a participant's contribution up to 3% of the participant's salary and 50% of a participant's contribution between 3% and 5% of the participant's salary. Participants are eligible to contribute to the Plan beginning on their date of hire, regardless of age or service, and will be eligible to receive matching contributions from the Company after the quarterly entry date upon attaining one year of service and 21 years of age. Under the amended Plan, participants will always be 100% vested in their contributions and the company match, as well as any earnings.

The Company amended the Plan, effective May 2, 2001, which allowed forfeitures to be used to pay plan expenses and to create a reasonable reserve for future expected forfeiture restorations. This was in addition to the previously approved use of forfeitures, which included restoration of prior forfeitures and adjusting participants' accounts. Any excess forfeiture will be allocated to match eligible participants with 1,000 or more hours of service in the plan year and who are employed on the last day of such plan year. Nonvested forfeitures were \$22,868 and \$123,352 during 2003 and 2002, respectively. In 2003 and 2002, there were no forfeitures in excess of plan expenses to reallocate.

The Company amended the Plan on December 20, 2002, effective January 1, 2003, to amend the definition of eligible compensation to reflect the revised names of various bonus programs and to allow the Plan to charge participant accounts for a portion of the Plan's administrative expenses on a pro rata basis, as communicated in advance to participants. Effective March 31, 2003, 0.0625% of a participant's account has been deducted on a quarterly basis to pay administrative expenses.

Wendy's International, Inc. Profit Sharing and Savings Plan

Notes to Financial Statements

December 31, 2003 and 2002

Active participants may borrow up to 50% of their vested account balance from their fund accounts with a minimum loan of \$1,000 and a maximum loan of \$50,000 reduced by the highest outstanding loan balance over the last 12 months. Subject to these limitations, participants may have two loans outstanding at one time. Loan transactions are treated as a transfer from the investment funds in which the participant's fund accounts are invested at the time of the loan to the participant loan account. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. The rate is changed quarterly and the prime rate used for a quarter is the prime rate on the last business day of the previous quarter. Principal and interest are paid through weekly or bi-weekly payroll deductions.

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of a termination of the Plan, participants will become fully vested in their accounts. The net assets of the Plan as of the date of the termination would be distributed to the participants based on their adjusted balances as of that date. The Company also has the right under the Plan to discontinue its contributions at any time.

Information regarding the eligibility, vesting, benefits and allocation provisions of the Plan is available in the Summary Plan Description of the Wendy's International, Inc. Profit Sharing and Savings Plan.

3. Investments

The following investments represent 5% or more of the Plan's net assets at December 31:

	2003	2002
Fidelity Freedom Income Fund	\$ 34,148,514	\$ 10,312,474
Fidelity Asset Manager Fund	-	14,803,346
Spartan U.S. Equity Index Fund	30,502,809	20,786,720
MetLife Guaranteed Investment Contract at 5.68%	-	12,632,916
Fidelity Managed Income Portfolio	19,991,989	5,187,393
Participant Loans	5,993,688	4,524,054

During the period January 1, 2003 through December 31, 2003 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value by \$13,569,725 as follows:

Mutual Funds	\$ 11,619,563
Common Stock	1,950,162
Total net appreciation	<u>\$ 13,569,725</u>

Quoted market prices are used to value investments except for the Plan's guaranteed investment contract and participant loans. Loans to participants are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis, with realized gains (losses) on the sales of investments based on the average cost method. Income is recorded on the accrual basis.

4. Guaranteed Investment Contracts

The Guaranteed Investment Contract Alternative with MetLife was fully benefit responsive and was valued at the contract value. Contract value represented contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The contract provided for a guaranteed rate of return on principal at a fixed annual rate of 5.68%. At December 31, 2002, the value of the contract was \$12,632,916, which approximated market value. The contract expired in May 2003, at which time the balance was transferred to the Fidelity Managed Income Portfolio. No new contributions will be made to the contract.

5. Transactions with Parties-in-Interest

The expenses of the Plan's trustee, investment managers and any expenses incurred with regard to the purchase or sale of securities are borne by the Plan (and Plan participants, as specified in Note 2). During 2003 and 2002, a portion of these expenses was paid by the Company. Other accounting, legal and administrative services are not reflected in the financial statements. These services are provided by the Company without charge to the Plan. However, in certain circumstances, funds related to lost participants and forfeitures may be used to pay these Plan expenses.

Certain Plan investments are shares of mutual funds managed by the trustee and investment manager and therefore qualify as party-in-interest transactions. Participants may select employer stock as an investment option. The amounts held in employer stock at December 31, 2003 and 2002 were \$5,749,052 and \$4,129,826, respectively.

6. Income Tax Status

The IRS has determined and informed the Company, by a letter dated October 23, 2003, that the Plan constitutes a "qualified" plan under section 401(a) of the Internal Revenue Code ("IRC") and that the Plan's trust is therefore exempt from federal income tax under section 501(a) of the code. The Plan has been amended since receiving the favorable determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and that the Plan's tax exempt status has been maintained.

Wendy's International, Inc. Profit Sharing and Savings Plan
